

Dear Continuing Student:

This will provide you with information about the Physics Department Scholarship Program. We have available a number of scholarships for entering and continuing students.

Continuing students may apply each semester. Scholastic achievement and financial need will be factors in any award. Applicants must be physics majors. Continuing Student Awards range from \$100-\$700 per semester. Students need not apply for a specific scholarship. Applicants are considered for all scholarships offered through the department.

Enclosed is a scholarship application form which is to be returned to the Physics Department by May 1 for Fall awards and December 15 for Spring awards.

If you have serious financial needs, we strongly advise you to also apply to the Student Financial Aid Office for assistance (call (512) 475-6282 for information).

Please do not hesitate to call (512) 471-0461, write, or email kopp@mail.hep.utexas.edu with any questions you may have.

Sincerely,

Sacha Kopp, Professor
Chairman, Scholarship Committee
