

To clear the equation $\frac{1}{x} + \frac{2}{y} = 5$ of denominators, we multiply both sides

by _____.

A) $x^2 \cdot y$

B) $x \cdot y^2$

C) xy

D) $\frac{x}{y}$

To clear the equation $\frac{1}{x} + \frac{2}{y} = 5$ of denominators, we multiply both sides

by xy .

Answer **C**
