

The graph of  $y = f(x - h)$  ( $h > 0$ ) is identical to the graph of  $y = f(x)$ , except that it is translated  $h$  units \_\_\_\_\_.

- A) upward
- B) downward
- C) to the left
- D) to the right

The graph of  $y = f(x - h)$  ( $h > 0$ ) is identical to the graph of  $y = f(x)$ , except that it is translated  $h$  units to the right.

Answer **D**
