

If k is nonnegative constant, then _____ is equivalent to $x \leq -k$ or $x \geq k$.

- A) $|x| < k$
- B) $-k < x < k$
- C) $|x| \geq k$
- D) $x < -k$ or $x > k$

If k is nonnegative constant, then $|x| \geq k$ is equivalent to $x \leq -k$ or $x \geq k$.

Answer **C**.
