

The formula for the n th term of a geometric sequence is _____.

- A) n th term = $a r^n$
 - B) n th term = $a r^{n-1}$
 - C) n th term = $a r^{n-2}$
 - D) n th term = $a r^{n-3}$
-

The formula for the n th term of a geometric sequence is n th term = $a r^{n-1}$.
Answer **B**
